*"True leaders are in touch with their true selves- hearts and minds. Come have an experience unlike any other workshop you've ever been in and in the wonderful mountains of Colorado. You shall return with wisdom of yourself - and a free spirit!" I had a wonderful and positive experience. - a program manager from Wisconsin*

*"This was a week of learning, self reflection, fun, joy, lots of emotional up's and down's, wonderful professional networking and a bucket full of gifts from others. I LOVED this experience" My expectations were high and they were fully met. This gave me an opportunity to count my blessings both personally and professionally".- an Ohio Director*

*"Challenge yourself to better understand yourself, your values and your relationships. Improve your personal and professional life. Learn, Learn, Learn like never before with a group of kind and supporting individuals. - there were many times when I felt overwhelmed, not because of lack of understanding, but because the materials were presented in ways that really caused me to put a lot of thought into it. The books were excellent. I didn't expect them to be so powerful. I think I will be reading and re-reading them in the future. This has been the most wonderful week - I will treasure it forever!" A Colorado Director*

*"This week has been an amazing opportunity to learn more about yourself so that you can better lead the people you work with back at home - you will be truly transformed with this experience. I think everyone should experience this training. I never knew how important it was to learn and truly know yourself until this week. It has been a spectacular experience" a manager from Wisconsin*
